SUCCESS PLAN FOR YOUR ARDYSS BUSINESS

In order to achieve success in any business, most especially with your Arydss business, you have got to duplicate yourself. This is what McDonald's has done in creating their huge business. If you go to any McDonald's anywhere in the world you can expect the same look, feel, food, and processes that make them successful.

In a similar fashion you can create a hug Arydss business by first finding five associates willing to invest ~~\$200~~^{3,000} per month for their first six months. This gives you a month one total of \$1000, which translates into \$100 commission check for your monthly Recruiting Bonus.

For month two, you help these five new distributors recruit five new distributors each, who each commit to investing ~~\$200~~^{2,000} per month. Once you have done this, you now have 25 distributors, which will give you a month two total of \$5000 that translates into a month two Recruiting Bonus of \$500.00.

For month three, you now help these 25 distributors to recruit five new distributors each, who also commit to investing \$200 per month. Once you have done this, you now have 125 distributors. This will give you a month three total of \$25,000 that translates in a month three Recruiting Bonus of \$2,500.

In month four, you duplicate that above, helping your new people recruit five new people each. At the end of month four, the 125 now have five new people each giving you a total of 625 distributors. This creates a monthly total of \$125,000 that translates into a month four Recruiting Bonus of \$12,500.

In month five, you duplicate the above, helping these new people also recruit five new people each. This now brings your distributor total to 3125. At ~~\$200~~²⁰⁰ each, your month five total is now \$625,000 which brings your month Recruiting Bonus to an amazing \$62,500 for ONE MONTH!

Here's a brief summary:

		Recruiting Bonus
Month 1	5 Distributors x \$200 ^{3,000} each = \$1000	\$100.00 80,00
Month 2	25 Distributors x \$200 ^{2,000} each = \$5000	\$500.00
Month 3	125 Distributors x \$200 ²⁰⁰ each = \$25000	\$2,500.00
Month 4	625 Distributors x \$200 ²⁰⁰ each = \$125000	\$12,500.00
Month 5	3125 Distributors x \$200 ²⁰⁰ each = \$625000	\$62,500.00

Of course, there are several other bonuses that are paid for this type of growth. We just wanted to focus on the recruiting activity. If you will discipline yourself to teach what you have learned, focus on the simplicity of the business, and the excellence of the products, you can have a great success with your Arydss Business.

Bra Conversion chart

How to convert a regular Bra size to an Angel Bra.

Need two measurements, Bust and Thorax.

To find the Angel Bra size versus the regular bra size, go down two size on the Angel Bra. A client that uses a 34A bra would take an Angel Bra size 30G.

6 - F	
7 - G	A Cup Small
8 - H	B Cup Medium
9 - I	B Cup Medium
10 - J	C Cup Large

Busts that are larger than 10 are usually a J some times a K or KK. Some Larger sizes available, in stock only, on special made orders.

Body Magic

When your client wants the Body Magic you need to analyze her body shape to see if she is a candidate for a this garment. When the client is Larger on top and smaller on the bottom the Body Magic will not work on them. In this case use the appropriate size of Corsette Deluxe and the Plus Girdle.

If the client's waist and stomach is bigger than the hips, DO NOT SELL HER A BODY MAGIC. The legs and buttocks will be extremely loose and they will not get the full benefit of the garment. Recommend a Corsette or Corsette Deluxe and a Post Partum Girdle.

If a client has tissue that is very firm or hard, the fatty tissue will not move, you need to use the Lifting Gel to soften the fatty tissue so that the fatty tissue will melt.

PRODUCTS (10 Minutes)

RESHAPING

- Ardyss garments were designed by an orthopedic surgeon
- We have garments for both women and men
- A complete line of body reshaping garments, to restore the shape of the body.
- Our body is mostly water and our fatty tissue is 90% water
- What we do is called "Lipo Transportation" which means that we move fatty tissue from where it is to where it needs to be.
- The buttocks and the breast are the only two places we need fatty tissue
- By bringing the fatty tissue into the garment, then compresses it, causes the lymphatic system to remove the water from the fatty tissue and the body becomes reshaped.
- The garments supports and restores your internal organs to their original place in the body.
- Lifts the female organs and push them back onto your pelvic area.
- Flatten your tummy, lifts your breasts, reshapes your legs, lifts and reshapes your buttocks, straightens your back and pulls your shoulders back to the correct posture.
- This will give you the shape and posture you had in your younger years.
